

## Large Filmoutput for Screenprinting

Options May 2014

In general, for each job you'll pay:

**Start-up costs + material + printing - GRA % discount + 21% VAT = total price in Euros.**

If you print a negative film, using a lot of toner, you'll pay more.

**To keep things simple, as indication, only the total price for regular A-sizes is given here.**

**Make sure to identify yourself as Rietveld student to get your student discount!**

Shop	Rijnja Repro	Cito Centrum	GRA PrintShop
